

**Report of Independent Certified Public Accountants on Compliance and on
Internal Control Over Financial Reporting Based on an Audit of the Basic
Financial Statements Performed in Accordance with
*Government Auditing Standards***

The Honorable Mayor, and Chairperson and
Members of the Board of County Commissioners
Miami-Dade County, Florida

We have audited the basic financial statements of Miami-Dade County, Florida (the County), as of and for the year ended September 30, 2003, and have issued our report thereon dated February 13, 2004, which referred to our use of the reports of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the County's basic financial statements are free of material misstatement, we performed tests of the County's compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting, which we have reported to management of the County in a separate letter dated February 13, 2004.

This report is intended solely for the information and use of the Honorable Mayor, Chairperson, the Members of the Board of County Commissioners, County Management, the Auditor General of the State of Florida, federal and state awarding agencies and pass-through entities and should not be used by anyone other than these specified parties.

Ernst & Young LLP

February 13, 2004

Report of Independent Certified Public Accountants on Compliance with Requirements Applicable to Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control Over Compliance in accordance with OMB Circular A-133, Section 215.97, Florida Statutes and Chapter 10.550, Rules of the Auditor General

The Honorable Mayor, and Chairperson and
Members of the Board of County Commissioners
Miami-Dade County, Florida:

Compliance

We have audited the compliance of Miami-Dade County, Florida (the County), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement*, and the requirements described in the Executive Office of the Governor's State Projects Compliance Supplement, that are applicable to each of its major federal awards programs and state financial assistance projects for the year ended September 30, 2003. The County's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs and state financial assistance projects is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, Section 215.97, Florida Statutes (Section 215.97), and Chapter 10.550, Rules of the Auditor General (Chapter 10.550), State of Florida. Those standards, OMB Circular A-133, Section 215.97 and Chapter 10.550, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal awards program or state financial assistance projects occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal awards programs and state financial assistance projects for the year ended September 30, 2003. However, the results of our auditing procedures disclosed instances of noncompliance that are required to be reported in accordance with OMB Circular A-133 or Chapter 10.550 and which are described in the accompanying Schedule of Findings and Questioned Costs as items 03-F1 through 03-F3 and 03-S1.

Internal Control Over Compliance

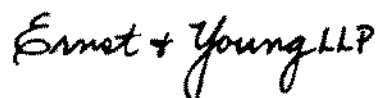

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal awards programs and state financial assistance projects. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal awards program or state financial assistance project in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, Section 215.97, Florida Statutes, and Chapter 10.550, Rules of the Auditor General.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal awards program or state financial assistance project being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of Miami-Dade County, Florida as of and for the year ended September 30, 2003, and have issued our report thereon dated February 13, 2004, which referred to our use of the reports of other auditors. Our audit was performed for the purpose of forming an opinion on basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by OMB Circular A-133, section 215.97, Florida Statutes and Chapter 10.550, Rules of the Auditor General and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, based upon our audit and the reports of other auditors, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of Members of the Board of County Commissioners, County Management, the Auditor General of the State of Florida, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
